

# I-DREAM4D

## ENGINEERING SUMMER CAMP

### VIRTUAL SUMMER CAMP

JULY 26 to JULY 30

9:30-11:30 AM & 1:00-3:00 PM

### Offer

This summer camp will offer the opportunity to: **VIRTUALLY LEARN FROM** the College of Engineering at UTRGV

### For more information:

Edna Orozco, [edna.orozco01@utrgv.edu](mailto:edna.orozco01@utrgv.edu)  
Samuel Molina, [Samuel.molina01@utrgv.edu](mailto:Samuel.molina01@utrgv.edu)

### Learn

Learn from presentations given by **SCIENTIST and ENGINEERS** from industry and defense labs.

### Work on

Work on robotics, electronics, programming & engineering design principles in order to finish program task.

For more information about the I-DREAM4D Consortium: visit [www.idream4d.org](http://www.idream4d.org), email [idream4d@idream4d.org](mailto:idream4d@idream4d.org)

The engineering profession is critical for developing innovative products for humanity. Engineers are constantly improving our lives by turning ideas into reality in ways that surprise and delight us: **Internet, Automobiles, GPS, Robots, Digital Cameras, Computers, Space Technology, and almost anything you can think of.**
